

AE 6491 VOX

NEW!
with VOX Function

Corresponds
to the latest road
traffic regulations:
Communicate only with
VOX hands-free system

The new VOX hands-free function enables communication in the vehicle without having to pick up the microphone. The radio recognizes when the driver speaks and starts the radio transmission automatically. The sensitivity and delay of the VOX hands-free function can be set in several levels. Thus the CB radio can safely be used in vehicles according to the latest road traffic regulations.

The high-quality multi-standard CB radio Albrecht AE 6491 VOX is characterized by a very simple installation and can be used throughout Europe. It can be operated with 12 or 24 volts. The DIN frame is included in the scope of delivery and therefore is ideally suited for installation in trucks or cars. The powerful 3 watt front loudspeaker ensures a strong and clear sound.

The Albrecht AE 6491 VOX offers a intuitive operation. The display of this multi-standard CB radio impresses with its clarity and a large horizontal and vertical viewing angle. There are UP/DOWN and ASQ buttons on the microphone. The automatic squelch and CTCSS function guarantee a interference-free reception.
